

Client transformation memo

Internal working draft · May 6, 2026

Stakeholders

Olivia Turner — Programme Lead, olivia.turner@example.com

Daniel Brooks — Customer Success Director, daniel.brooks@example.org

Margaret Ellis — Board sponsor (signed off the budget on May 6)

Context

The client is preparing a staged rollout of a new internal knowledge workflow. The initial objective is to reduce the time spent searching for policy answers, project notes, and onboarding materials. The transformation team expects the first rollout to focus on customer success, then expand to finance and operations after a short review period.

Next steps

Olivia will share the revised RACI by next Friday. Daniel will reach out to the London office to plan the kick-off on June 12. The board will get a written update two weeks later, including a redacted version of this memo suitable for AI-assisted summarisation.

Fictional document for testing purposes — all names, identifiers, and figures are intentionally fake.
